

ST. KATHARINE DOCKS

AN  IGY DESTINATION

Marina Guide

2022 - 23 EDITION

GOLD ANCHOR

Dear Visitor,

Thank you for choosing to visit St. Katharine Docks Marina – an IGY Destination. On behalf of the team, I would like to welcome you to the marina and wish you an enjoyable stay.

With its unique location and excellent transport links to the rest of London, St. Katharine Docks are a stone's throw from the delights of one of the world's greatest cities.

Whether you are using the marina as a convenient base from which to discover London or looking for a bit of peace and quiet in this secluded enclave of our busy capital city, we hope you find what you are looking for.

The Marina provides 185 floating berths designed to the most modern marina standards and equipped for vessels up to 40 metres. Like all IGY marinas, we aim to offer the best facilities and a comfortable stay.

I would like to recommend you read through the notes provided in this guide. They will help you to maximise your experience in staying with us and provide you with valuable information about the facilities we have and what is available nearby.

If the team or I could do anything to increase the satisfaction of your stay, please contact us in the marina reception and we will be happy to assist you.

Kind regards,

A handwritten signature in black ink, appearing to read 'Paul Tetlow'.

Paul Tetlow

Marina General Manager

Don't forget to follow us to stay up to date with what's happening at the Marina:

2. Marina Overview

ELECTRICITY

Electricity is provided at each berth. Please use the electricity outlet as instructed by the marina team.

If you do not have the correct adaptor for the socket size available, please contact the marina reception. We have a small number of adapters available to loan. The adaptor should be returned to a member of the marina team as you depart through the lock. Adaptors are loaned free of charge, but a cost of replacement will be applied to your bill, if the item is lost or damaged.

Electricity connections are provided by the marina at the user's own risk and it is a user's responsibility to ensure they have the suitable fitting for their on board system.

Please see the price list for current marina charges for electricity costs. More details on getting connected can be found on page 20.

WATER

Drinking water is available from the taps on the marina pontoons. If you do not have a long enough hose or the right connection, please contact the marina office and we will endeavour to help. Please use water considerately and return any loaned equipment to marina reception as soon as it is no longer required.

2. Marina Overview

SECURITY

On arrival you will have received access cards for the pontoon gates and our facilities. Please put these against the electronic card readers at the side of the gates or door and push the door or gate. The card readers are lit by a blue light, which turns green when access is allowed. If you have any difficulties using your card, please contact the marina reception.

In the event of an emergency, there is an emergency door release underneath the card reader.

RUBBISH

Green rubbish bins for domestic waste and blue bins for recyclable material are provided at all pontoon exits. If you have large items, or international catering waste, or oils and lubricants to dispose of, please contact the marina reception. These must be disposed of separately.

WASHROOMS

We have two sets of washrooms for marina users. We have 6 washrooms located in the marina reception building and a floating unit of 5 washrooms in the north west corner of the East Dock. Each set of washrooms have facilities for disabled users. Please use your access card to enter these.

We regularly inspect our washrooms for cleanliness. Please let us know if you find anything not as it should be.

MARINA TROLRIES

Marina trollies are available at most pontoon exits. They require 1x £ or Euro coin to release them.

LAUNDRY

Two self-service washing machines and two dryers are available in the laundry room in the marina reception building. The machines are coin operated. A standard wash is £2.00 and £1.00 gives 30 minutes of drying time. We do not provide washing detergent. If you would like to use an iron, please ask at the marina reception.

WASTE WATER PUMP OUTS

Please do not dispose of waste water into the marina. Waste water pump outs, operated by the marina staff, are available at almost every berth. Please contact the marina reception to organise a time and confirm the current charge.

ATM

There is a cash machine in the wall of the Tower Hotel, facing the blue Coronarium Bridge - between the Centre Basin and West Dock. There are also ATMs at Tesco and Waitrose supermarkets.

MAIL

There is a mail box on Marble Quay (at the south east corner of the Centre Basin) and another in Thomas More Square.

CONDITIONS OF MOORING

A copy of our full conditions of mooring is available from the marina reception or through our website. Please note that swimming, fishing and boat repairs with power tools are not permitted in the marina. Equipment such as bicycles, dinghies and boat spares are not to be left on the pontoon.

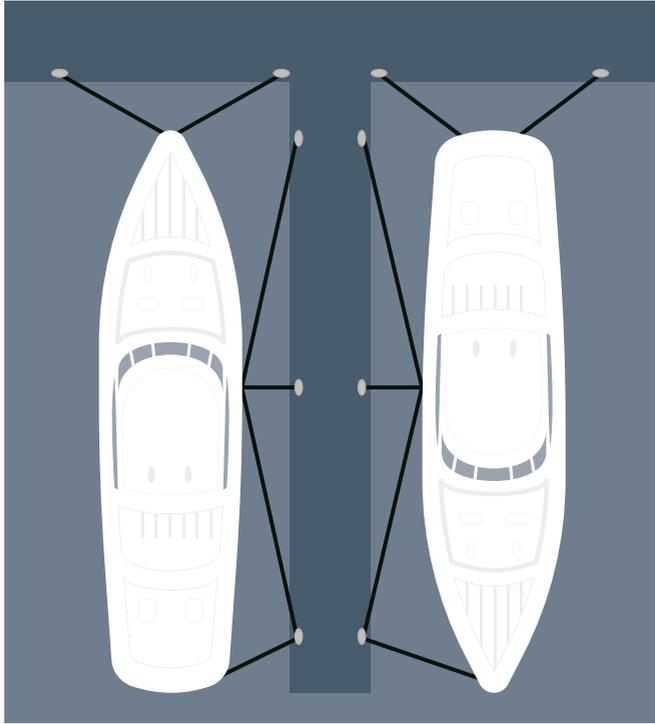

WHITE
MULBERRIES

L'escalier
White Star

3. **Securing Your Boat**

When berthing your boat, please use:

- 2 bow lines and a stern line when mooring bows-in (or vice versa for stern-in). At least one line should go to the perimeter pontoon.
- 2 Spring lines – one going forward and one astern
- 1 midship line if desired

Please do not adjust the position of the cleats.

If you need assistance please make the marina team aware.

4. Preparing to Leave

Whilst you may have just arrived, please take a few moments to familiarise yourself with the procedure for your departure.

BOOKING A LOCK - OUT TIME

Please contact the marina reception during the day before your departure to organise your lock out time. We will ask for your preferred departure time but, please be flexible as we are obliged to group yachts together to optimise the locking time available.

The lock operates approximately 2 hours before and 1½ hours after high water (London Bridge) between the hours of 0600-2030 during the summer season (April - October) and 0800-1800 in the winter season.

All locking operations must be completed in these times. Our lock operating times can be found on our website, www.skdocks.co.uk/marina.

PAYMENTS

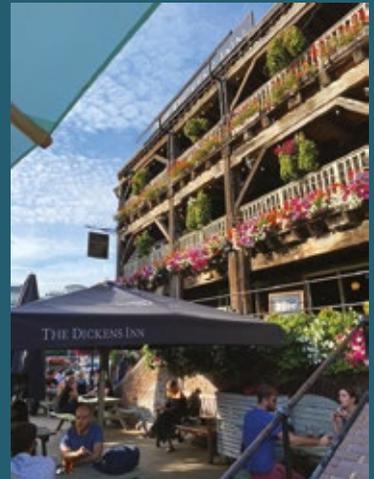

Payment by debit card is the preferred option. We do not routinely accept cash, cheques or credit cards.

Your access cards and any loaned equipment will be collected by our team after you have secured your boat in the lock.

LOCKING OUT

About 15 minutes before your lock out, one of our Dockmasters will make an announcement on VHF Ch 80 and confirm the vessels involved in the lock out and a preferred order for entering the lock.

If you require a bridge to be lifted or opened, this will also be confirmed. As you will remember from your arrival, there is a floating pontoon on the eastern side of the lock. If the lock is busy, you may be asked to raft alongside another boat, or tie up to the wall on starboard side and adjust your lines as the water level changes.

The Dickens Inn is a picturesque restyled and reconstructed 18th century pub and restaurant, providing an outstanding place to go and enjoy food and drink in the heart of St Katharine Docks in London. The Dickens Inn offers the perfect central London location for events of up to 200 people. From formal corporate events to office parties, our spaces and catering options boast flexible packages to suit all event needs. The Dickens Inn is suitable for meetings, conferences, celebrations and teambuilding days, with a variety of dining and drinks options available. Let our dedicated events team know what you're planning and we can provide ideas, advice and special touches to ensure a unique and memorable occasion.

6. Connecting to WiFi

To connect to our WIFI network, you first need to register with a valid e-mail address.

Step 1

Connect to _SKDVisitor using the password "VisitorSKD"

Step 2

If you have previously registered, please login

Step 3

If not, click on the "Register Here" link at the bottom of the page.

Step 4

On the WIFI registration page, you will need to submit your full name, e-mail address, boat name, and type of mooring.

Agreeing to our Terms & Conditions is a required field, you can choose whether or not you would like St. Katharine Docks Marina to contact you for future events and offers.

Step 5

Once you have registered, please login and get connected.

A **GREENER** CRUISE to the DOCKS

Have you considered your carbon offset?

St Katharine Docks Marina is proud to be working with Yacht Carbon Offset to capture the carbon cost of boating. Customers are invited to make a voluntary £1 carbon offset donation, which will be collected at the marina invoice stage and invested into carbon offset projects.

9. Exploring London

TUBE/DLR

The nearest underground station is Tower Hill, and is served by the District and Circle lines. The cheapest travel available is by using an Oyster Travelcard or a contactless bank card. Visit the marina reception for a tube map or collect one at Tower Hill station.

RIVERBOAT

Cruise boats and river ferries run from St. Katharine's Pier and Tower Pier respectively. Cruises can be booked through Crown River Cruises and the Thames Clippers provide ferry travel to Greenwich and West London.

For more information visit: www.tfl.gov.uk/modes/river/

TAXIS

There is a taxi rank at the reception area of the Tower Hotel, near the lock entrance. Taxis are normally available 24hrs a day.

CYCLING

Santander Cycles is London's self-service, bike-sharing scheme for short journeys. There are 3 bike docking stations nearby at Tower Hill Station, and in St. Katharine's Way at Waitrose.

30 minute journeys cost £2 and there is no need to pre-register - just visit a docking station. To find out more about the scheme, visit: tfl.gov.uk/modes/cycling/santander-cycles.

MARINA MERCHANDISE

We have a collection of SKD Marina merchandise available for purchase from the marina reception. From reusable porcelain coffee cups and keyrings, to SKD tea and Jumbo our soft toy elephant there is something for all.

Tea Towel £5, Badge £3, Cork Keyring £ 2.50

Tote Bag £8

12. Metered Electricity

A metered electricity socket is provided at each berth. You have been provided an electricity account for the duration of your stay, and you will pay for the electricity you have consumed, when you depart the marina.

To connect to electricity

Plug in to your allocated socket numbered

Go to the nearest keypad pedestal

On the keypad, enter **#_ _ _ #**

Wait for the display to confirm the socket is on. If you remove your plug, you will need to re-establish the power connection by following the instructions above.

To get a balance enquiry on the pedestal display, key in the same 4-digit code, but with an * either side.

If you experience any problems, please contact the marina reception on: +44 (0)20 7264 5312 Or, out of hours, call SKD Estate Security: +44 (0)20 7264 5296

13. Porter card

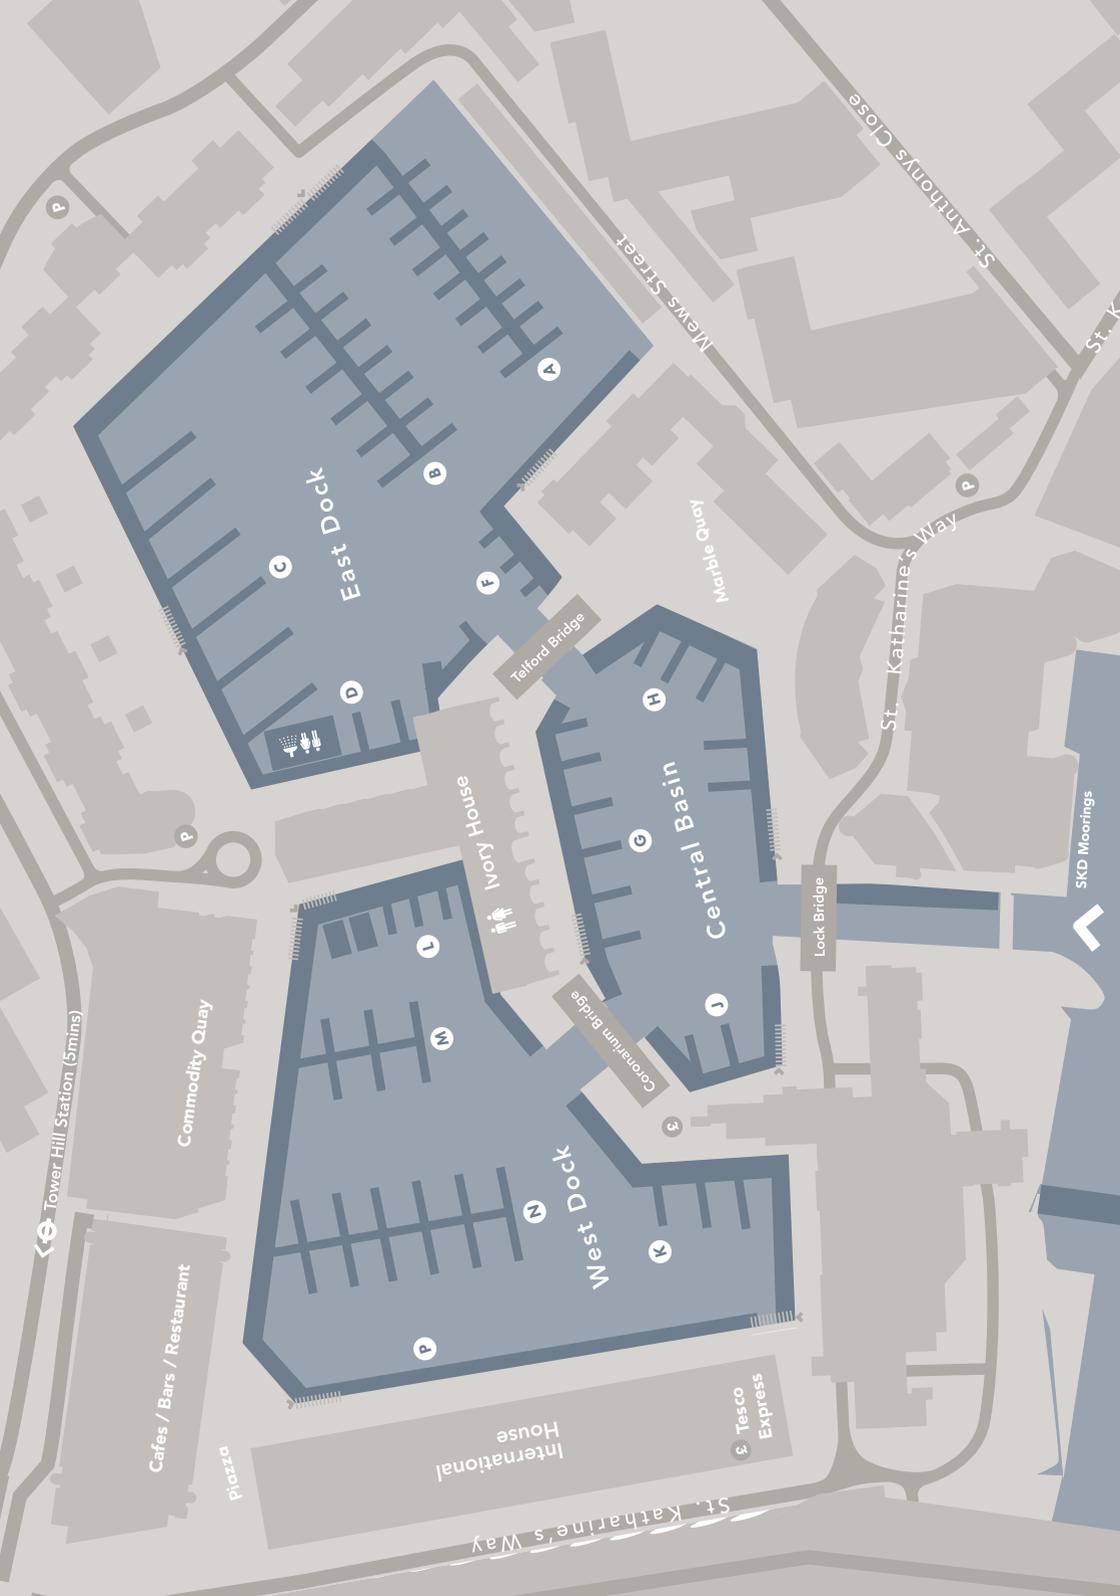

Dickens Inn

We are pleased to offer you exclusive privileges and discounts at the wonderful restaurants, bars and services at St. Katharine Docks.

For details visit :www.skdocks.co.uk/porter

Card missing? Please ask at Marina reception for your Porter card.
